

## CATALOGO DE TEXTURAS

PORO GRUESO

A horizontal rectangular sample showing a light gray background with numerous small, dark, irregularly shaped spots and speckles, representing a thick pore texture.

PORO FINO

A horizontal rectangular sample showing a light beige background with a dense, fine-grained texture of small, dark speckles, representing a fine pore texture.

PIEDRA TEXTURADA

A horizontal rectangular sample showing a light yellowish-green background with a mottled, textured appearance, representing a textured stone finish.

PIEDRA ROMANA

A horizontal rectangular sample showing a dark gray, almost black, textured surface with irregular, rough edges and some lighter spots, representing a Roman stone texture.

PIEDRA GRIEGA

A horizontal rectangular sample showing a light beige background with prominent, dark, irregular veins and cracks, representing a Greek stone texture.
